

MY SCHOOL LIFE

My name is Chau Nan Zhi and I am eleven years old. Now I live in Tai Po. I don't have any brothers or sisters. I like swimming and drawing but I don't like doing sports.

When I am free, I like cooking food for my family. I like reading and listening to pop music too.

I am a promotion prefect and librarian for our school. I think these duties will make me more confident. Librarians can help teachers and students and I can help the teachers to collect the books. I will become a good librarian and promotion prefect.

I started secondary school this year. My school is huge! It has separate rooms for different subjects such as a laboratory for science, an art room, a music room and home economics room. I think our school is very beautiful and the view is good. It also has many trees but the important thing is that the air is fresh. This school is different to other secondary schools.

My favourite friend is Winnie. When we were in kindergarten, we were friends. I like playing violin, drawing, cooking and reading with her. I think she is nice and she is more confident than me. I always say to her, "We are lucky to have been friends for ten years!" I hope we can keep this friendship.

I really hope I can study well and that the teachers teach me lots of things. I want to learn more English and make more friends in the future and also be happy.

Sun Fong Chung College 2012

2012-13 1A Sham Wing Kiu, Aila

MY SCHOOL LIFE

My name is Sham Wing Kiu, Aila and I am twelve years old. Now I live in Tai Po. I don't have any brothers or sisters but I have a fat, yellow cat called Miu. I like sports and music.

I started secondary school this year. My new school is quite big. The teachers are kind too, so I like them very much. We usually have PE lessons on the football pitch or basketball courts. We always feel happy when we are doing our PE lessons. My school also has a small gym. Sometimes my classmates will practice inside the gym. In my school, Sun Fong Chung College, there are a lot of clubs. I have joined one – the Rowing Club.

At this school, I have met some new friends. One of my friends is Ken Ma. He's eleven years old and he's very sporty. He loves playing basketball very much. He is very smart too because he always gets full marks in the quizzes.

I think my new secondary school is fun and interesting. I hope I can meet more friends in my new school in the future.

MY SCHOOL LIFE

My name is Anthony Lau. I'm twelve years old and I live in Fanling. I don't have any brothers or sisters, but I have a special black stag beetle called Harry who is my pet. I like comics and basketball.

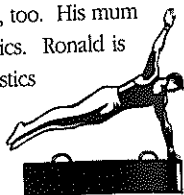

I started secondary school this year. My new school is huge! It has separate rooms for different subjects. We usually play basketball on the basketball courts.

People always sit on the benches around the court, which makes it too noisy for us to concentrate. Sometimes it's too hot outside so we go to the covered playground. My school also has a great tuck shop. The food is so yummy and delicious. The sausages are just so tasty. There are a lot of clubs to join, but I'm only in one – the Running Club.

One of my new friends is Ronald Lau. He's twelve, too. His mum is a housewife and his dad is a dentist. He is sporty – he loves gymnastics. Ronald is kind too and he never gets angry with others or me. He is in the Gymnastics Club. He wanted me to join this club but I am bad at this sport.

So far, I think secondary school is fun. I hope my teachers don't give me too much homework though!

MY SCHOOL LIFE

My name is Winnie. I am twelve years old. I live in Tai Po. I have a brother who is studying in Primary Three. My favourite subjects are English, science and art because I think they are very exciting. My favourite hobbies are reading books and listening to music. I can feel very relaxed when I do these activities.

In secondary school, I have joined the choir for my club activity. I can sing songs when we meet together. My school has many facilities such as a gym, a big library and a greenhouse. I like to go to the school library because I like reading books such as Harry Potter and some Chinese short stories. They can make me feel relaxed in my free time or after the lessons.

In my new school, I have met a lot of new friends, but my best friend is Mickey. She is in class 1B. She is friendly and kind. We always talk with each other after school on the school bus. We sometimes share our things with each other. We also go to the library to help the teacher tidy the books which our classmates have borrowed. We always study our dictation with each other too.

I hope I can be happy and study many new things in my new school.

ME AND MY NEW SCHOOL

Hello! My name is Chow Mei Yan but you can call me Yandy. I am twelve years old and I live in Tai Po, Hong Kong. My new school is Sun Fong Chung College but previously I went to Sun Fong Chung Primary School.

My new school is on a hill and it is very big too. The views there are beautiful. If you look out of the window, you can see the ocean. It is lovely. My favourite place in my school is the tuck shop. I can buy fish balls there so I really like it.

At school, we learn science, music, English, mathematics and other subjects too. This school is different from my old school because it teaches us science. My favourite subject though is music. I really want to join the Music Club too because I like singing as it is very fun.

My new school has many good things. I really like the Music Room because it is big. I also like the English Room because we can learn English there. Finally, I really love the tuck shop because I can buy potato chips and fish balls there. Yummy!

I've made a new friend at school too. Her name is Rainy and she is a special girl in our class. She doesn't speak Cantonese so we need to speak to her in Putonghua. We both like reading books and story books are our favourite.

I really love this school. I want to be the greatest MC ever at Sun Fong Chung College so I will be hardworking in the future to achieve this.

2012-13 1C Alice Fong

ME AND MY NEW SCHOOL

Hi! My name is Fong Sin Ting but you can call me Alice. I am 12 years old and I live in Tai Po. My old primary school was Sun Fong Chung Primary School but now I go to Sun Fong Chung College.

My new school is at 4643 Tai Po Road, Tai Po Kau, Tai Po, N.T. This school is bigger than my primary school and it has eight floors. The views are very beautiful. From the 1C classroom, I can see many trees, flowers and a basketball court. I like the Art Room at school the most because I enjoy drawing. I learn many subjects at this school such as Chinese, English, science, maths and CIT (computer and information technology). I want to learn basketball in PE lessons because it is a new sport that I want to try.

My new school has many good things. I really like the library because there are many books to read. If I have some questions, I will find the answer and I can learn a lot of new knowledge. I also like the Computer Room because there are many beautiful chairs that are very soft. I also really love the tuck shop because there is a lot of delicious food there. I often go there at recess.

In my new school, my best friend is called Yandy. She studies in 1C and she is twelve years old too. She is very funny and friendly. Sometimes she says some funny things to me and we laugh so she has many friends. She is short, has small eyes and a fat face. I love her because she always helps me with the homework.

I really love SFCC. In the future, I want to go to 2A and change my results. I want to be number one in 2A. I should study hard and do more exercises now and later, my results will be better.

2012-13 1C Jessica Cheung

ME AND MY NEW SCHOOL

Hi everyone! My name is Jessica Cheung and I am twelve years old. I live in Shenzhen. I went to Tai Po Government Primary School, but now I study in Sun Fong Chung College.

My new school is located at 4643 Tai Po Road, Tai Po Kau, Tai Po, N.T. My school is very big and beautiful and I like it very much. It has eight floors and when I go to the seventh floor I can see the beautiful sea and a lot of houses. My favourite place is the Home Economics Room because I like cooking food. I also like eating it too! I would really like to join the Cooking Club too.

I learn many subjects at my school such as English, P.E., Chinese, IS and maths. At my old school I couldn't learn IS so at my new school, I think I can learn many new and different things in IS lessons.

My new school has many good things. I really like the classroom because I can get knowledge with my classmates in many lessons and we can eat lunch together. I also like English lessons because my English teacher is funny. He says many things that are very funny, so he makes me feel very happy. Finally, I really love the library because I like reading books and I can do my homework there too.

I have a new friend in Sun Fong Chung College. She is in 1C class too and her name is Anthea Ho. She is twelve years old and she has a ponytail and big eyes. She also has small eyes and likes to smile at everyone. I'm happy to have this friend because she is helpful and nice. She helps me with many things, such as when I forget to bring a pen, she will lend a pen to me.

In the future I want to join many different clubs such as the Cooking Club. I also want to study hard at Sun Fong Chung College because I want to go to university.

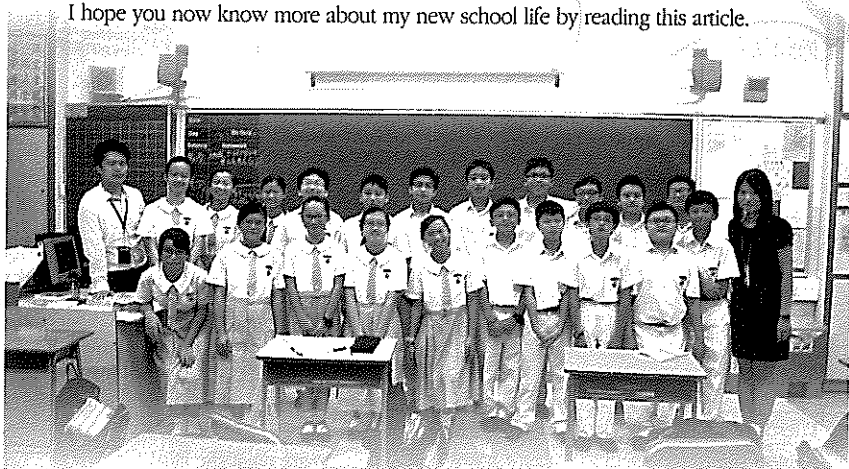

ME AND MY SCHOOL LIFE

My name is Cheuk Wing Kiu, Tracy and I am twelve years old. I live in Tai Po and there are five people in my family. They are my dad, mum, brother, sister and me. My favourite hobby is drawing. If I have free time, I will also go shopping with my family.

I study in Sun Fong Chung College and I am in Form 1. My favourite subject is Chinese because it is very interesting. Another subject I really enjoy is music. I have lessons in the beautiful Music Room and I sing many songs with my friend, Zoe, who sits with me.

The teachers at SFCC are great as they always help me when I have problems. When the lessons are finished, I will go home with my brother by school bus and revise what I have learnt at school.

I hope you now know more about my new school life by reading this article.

2012-13 1E Har Suet Ying

MY NEW SCHOOL LIFE AT SFCC

My name is Har Suet Ying, Zoe. I am a 12-year-old girl and I live in Tai Po. There are three other people in my family. They are my mum, dad and sister. My favourite hobbies are playing volleyball and singing songs. I usually sing pop songs in my free time.

I study in Sun Fong Chung College and I am now in Form 1. My favourite subjects are music and P.E. because I love singing and playing volleyball.

I also want to write something about my music lessons. I have music lessons in the Music Room. I sing different songs during music lessons. I sit with Tracy. When I have problems, Tracy always helps me. At recess, I go to the tuck shop and my classmate, Tracy, always goes with me. We eat yummy food and talk about our lessons.

I hope my teachers now know more about me and my new school life.

ACROSTIC POEM - FUTURE

Friends and teachers are kind to me
Uniform is beautiful
The view from school is wonderful
Usually we have morning reading
Recycle rubbish every day
Every morning, tap the Octopus card

2012-13 1C Dino Hui

ACROSTIC POEM - CREATE

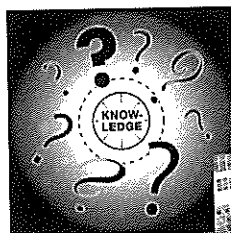

Clever students
Remember to use English
Easy to learn
Always speak it
Tuesday is English-speaking Day
English is fun

2012-13 1C Grace Lee

ACROSTIC POEM - PAST

Playing with knowledge
Always easy and fun
So you can learn more all the time
This is true at SFCC

2012-13 1E Ha Suet Ying

ACROSTIC POEM - TRACY

Telling many funny things
Readng a lot of books
Always plays with me
Cats are what she likes
Yeah! She is a 1E classmate.

2012-13 1E Shum Wing Hei

ACROSTIC POEM - MICHELLE

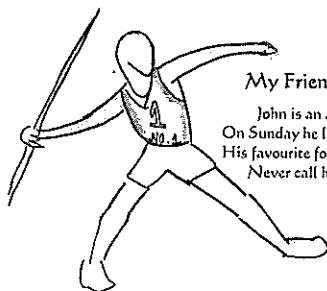

Michelle is my best friend
I like playing with her
Can tell a lot of things
Hamster is her favourite pet
Eat lunch with her every day
Likes dancing very much
Loves talking
Every day we go home together

St. Francis College 2012

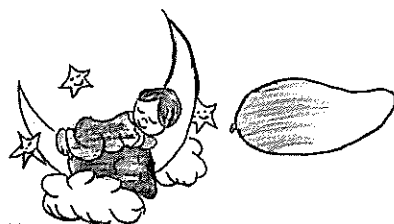

2012-13 1D Kong Tsoi Ying

My Friend John

John is an athlete
On Sunday he likes to sleep
His favourite food is mango
Never call him Joan

2012-13 1D Wong Kwan Yat

2012-13 2B Sea Hau Wun, Miranda

BURYING A TIME CAPSULE

What is a time capsule? By definition, it is when we put some special things into a box or a bag that we want to keep for many years. I have my own time capsule that I made when I was five years old. I wrote a letter to myself after my birthday party and put it in a box. When I reach the age of fifteen, I will open it. That will be an exciting time because I have already forgotten what I wrote!

If I was in charge and SFCC decided to bury a time capsule, I would put the school newspaper (Sundayz) and the student handbook in it. This year is our school's 10th Anniversary so I would also want to put the clothes from the musical (Flying High) and a DVD of our celebrations inside. When I am older, I would love to see these things again. I think we should keep the time capsule in the office or bury it in the playground where we have morning assembly.

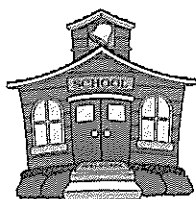

Our special time capsule should be buried for ten years. By then, I will have entered university as I would be twenty-three years old. I would be missing my secondary school a lot so when I watched the DVD, I would probably laugh and cry watching all my school friends and teachers again.

Although we want to stay young and stay at SFCC forever, it's impossible!

As the song goes, "Cause we can't go back now....."

TIME CAPSULE STORY

Two SFCC students are discussing an idea the school has to celebrate its 10th Anniversary.

- Ken Hi, Kelly! Have you heard that Sun Fong Chung College wants to bury a time capsule?
- Kelly Yes, I heard it from Alex yesterday. But what is a 'time capsule'?
- Ken Oh, no! The smartest student in our class doesn't know what it is! Don't kid me!
- Kelly No, it's true! I 100% don't know what it is?
- Ken Okay. People put things they want to commemorate into a time capsule. They put them into a container and then dig a hole and bury the container. After a long time, they will dig it up and open it.
- Kelly I see....but why would people want to do that?
- Ken I think they want to remember their past events and meet all their old friends again at the digging up ceremony.
- Kelly What a meaningful thing. I definitely want to be involved.
- Ken That's great! But I'm not sure what kind of container we should use.
- Kelly That's easy! Let's use a metal round container and write the date on the surface on the outside. Then we can bury it.
- Ken What a smart girl you are! And the next problem is what items do we choose to put into the time capsule?
- Kelly Mmm ... I think we can put photos, our student cards and other meaningful things like that. What do you think?
- Ken That's okay but don't you think the photos will get damaged?
- Kelly Don't worry! We can put them in a plastic bag and seal it carefully.
- Ken Okay! Now where can we bury the time capsule?
- Kelly Let's bury it under the biggest tree in the school grounds.
- Ken Yes, that's the best place and then we won't forget where we put it.
- Kelly What else do we have to think about?
- Ken Well, how long should we leave it buried?
- Kelly Well, it should be for a long time....about 10 to 20 years I think.
- Ken Good. Let's do it for 10 years. Now who will be the important person to open the capsule when it is dug up.
- Kelly Well, probably it should be one of the people who put their memories inside the capsule but maybe we could ask the principal to open it.
- Ken But after so many long years maybe we have lost touch with each other.
- Kelly Yes...but we have Facebook!
- Ken Of course! We can use our Facebook to add the people who are involved. That way we won't lose touch with them.
- Kelly Okay! Let's see if our friends want to join in.
- Ken Great idea! I really think everyone will want to be involved.

BURYING A TIME CAPSULE – ANNIVERSARY CELEBRATIONS

It's lunchtime and Sue and Julia are eating their lunch in the school tuckshop.

Sue What do you think is the definition of a time capsule, Julia?

Julia I think it is used to keep something for a long time.

Sue But why do people do it?

Julia It is because the time capsule is a witness to history.

Sue That's right! I think that is so meaningful. I can make a time capsule for myself, too.

Julia Hey! Our school is celebrating its 10th Anniversary this year.

Sue Yes. I'm in charge of burying the capsule.

Julia Oh! That's great. What ideas do you have for the container?

Sue I want to use a glass box. It won't decay, will it?

Julia No, it should be perfect. So what do you want to put into it?

Sue I want to put in lots of photos of our school.

Julia What else?

Sue I also want to put in some photos of the principal and teachers. They are part of our memories so they should be represented too.

Julia I definitely agree.

Sue We can bury it in the soil behind the flagpole. That will be easy to find later on when many years have gone by.

Julia Okay. How long do you think it should be buried?

Sue I think maybe it should be buried for at least 10 years. But who should open the capsule, Julia?

Julia Of course, the principal should do that because he is the leader of our school.

Sue Okay! That's right. I had better get going. I have a lot to organise. Do you have any good photos Julia?

SETTING UP NEW CLUBS - D & T CLUB

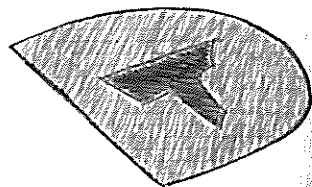

Our school is going to have its 10th Anniversary celebration. As I am a student in Form 3, I am going to suggest setting up a new club in the school. It is hoped that the school will provide more new clubs for us to join in the coming years.

The club I would like to suggest is the D & T Club. I suggest this club because every subject has a club except design and technology, so I hope our school can have one for DT. I have also designed the logo of the new club.

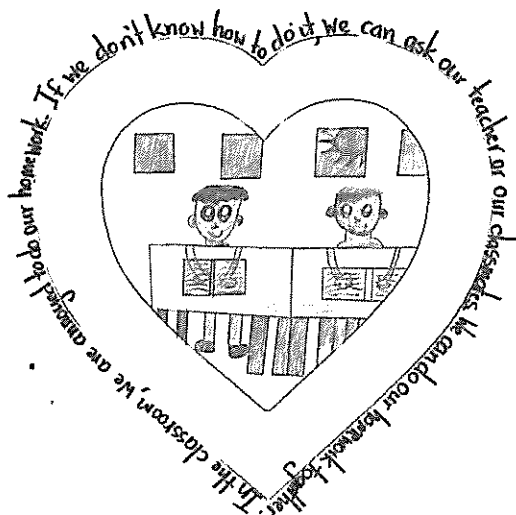

Also, students in our school like designing and making models very much. We can make something useful for home use or personal use in our daily lives

For the activity that the D & T club is going to hold for the 10th Anniversary celebration, all the club members can work together to make a model of Sun Fong Chung College. We can also include the basketball courts, football field and greenhouse. That would be a great job!

So, apart from saying congratulations to my school, I also hope that the school can establish the D & T Club. I hope there will be many students who would like to join it!

(Logo of D & T Club)

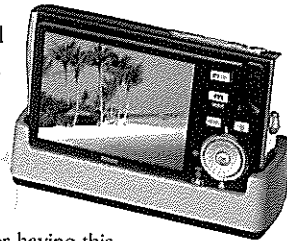

SETTING UP NEW CLUBS - PHOTOGRAPHY CLUB

This year is the 10th Anniversary of Sun Fong Chung College. I want to suggest two new clubs for my school. The first club is the Photography Club. The reason for having this club is that I want to enhance students' interest in photography.

In this club, we will teach students how to take beautiful photos and different techniques in capturing photos. We can also share our snapshots with other classmates in the club.

Besides, we can be the photographers of the special events of SFCC's 10th Anniversary. We will specialize in capturing the most precious moments during the celebrations.

The second club is the Rock Music Club. The reason for having this club is that we can learn more about rock music.

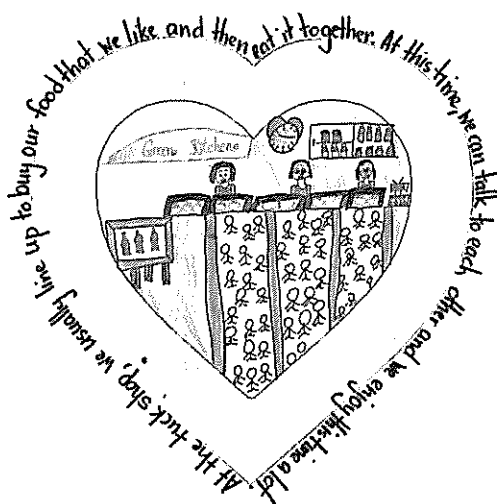

In this club, we will learn how to play electronic guitars, practice rock music and study the latest trends in rock music. Besides, we will have a performance of rock music in the hall during the school's Open Day.

These are the two clubs I would like to set up in my school. I hope the school will consider my suggestions.

Sun Fong Chung College 2012

SETTING UP NEW CLUBS - POP MUSIC CLUB

Since the first day I came to this school, I have met many friends, had many happy memories and seen an increase in the total number of students here. This year, my school is going to have a 10th Anniversary celebration.

As a Form 3 student, I am now a "big brother" of the school. I am going to suggest a new club for my school called the Pop Music Club. The reason I want to have this club is that I think music can help us sleep well and a good sleep helps our learning. Also, nowadays, many people like to listen to music in order to help them relax.

Pop music and rap have now become very popular among Hong Kong teenagers. Students in this new club will listen to music and share their favourite music with others. Also, for the 10th Anniversary celebration, we could have a concert. The club members could prepare a list of pop songs or rap songs for visitors to choose from. Our club members would then go on stage and sing the music chosen by the visitors. Our school could also invite a famous Korean pop star in order to enhance our fame.

2012-13 3C Lee Ka Yiu

SETTING UP NEW CLUBS - CYCLING CLUB

The 10th anniversary celebration of SFCC is coming and we are going to set up a new club, the Cycling Club. The aims of setting up this club are providing students more choices, helping people who don't know cycling to learn it and letting cyclists enjoy biking.

Cycling brings you freedom. When one can ride a bike, he doesn't have to rely on others to travel around. He can just hop on his bike and go. Before you start riding by yourself, you need to learn all about your bike and how to ride safely.

We will have a coach to teach us how to ride safely and well. The coach is Mr. Wong Kim Po. He will teach us many things about riding bicycles. In addition, we will have competitions every year.

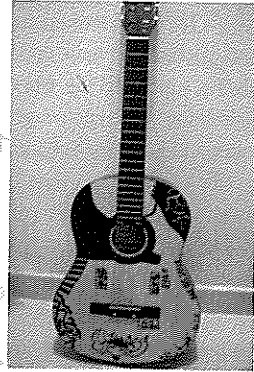

- Students can bring their own bikes if they are the member of the club or the school team. I also suggest our school sets up a cycling team that can make more bicycle lovers perform better. They could then win competitions for our school.

Join us and have fun!

SETTING UP NEW CLUBS - A SCHOOL POP MUSIC BAND

Our school was established ten years ago. We should have a breakthrough. We would like to set up a new music club. Our school has a choir and a marching band. However, there is no club which is related to pop music. We can provide more choices to students who like pop music.

A lot of students play the guitar so it is a good idea to set up a new school band. The club is called 'Pop Band'. We welcome fifteen to twenty members who can play the guitar, drums, and keyboards or want to be the lead singers. We will have this activity every Friday. If there are twenty students, we will split them into four or five bands. We need more than one drum set. Guitarists have to bring their own guitars. I hope our school can support us and buy a keyboard.

Setting up a pop band can provide students with more choices when they need to make a choice for their extra-curricular activities. There are different types of band we could make too such as a rock band, a heavy metal band, a jazz band or electronic band. Players should be creative and write their own songs. A lot of bands were formed by teenagers, such as 'Mr.' and 'Swing' in Hong Kong. 'SCANDAL' and 'Green Day' are examples in other countries.

I hope the club can be established successfully. We can represent our school and even Hong Kong to perform in public.

Sun Fong Chung College 2012
