

## A Miracle

Wanda was a strange girl. When she was a child, she was a normal kid like you and me. On her 10-year-old birthday, strange things happened. Her body started to generate electricity. From then on, she became an IT fanatic.

One day when Wanda went back home from school, she glued to the computer as usual. Soon she felt hungry, so she got up and searched for food to eat. She was too weak that she fell down and her hands touched the computer. She immediately climbed up and found that her hands were gone. She tried to see what happened, but in no time her whole body was caught into the computer.

A light flashed out from Wanda's room. Albert – Wanda's brother ran to the room. He could see nothing but the computer monitor giving out strange light. Wanda was not there.

Wanda's parents had no idea where she had gone. They went to the streets to look for her. They could not find her and they were so tired that they went home and waited for her. After a few hours, they decided to call the police.

It was 12 hours after Wanda disappeared. The newspaper reported "A girl still missing 12 hours". Albert was very worried and decided to go into Wanda's room and look for some clues.

Albert smelt some burning odour from Wanda's room. When Albert opened the door, he saw smoke. A big figure was coming out of the computer. "Oh!" Albert said, "Who are you? Are you Wanda?"

"Yes! A moment ago I was snatched into the computer and then I forgot everything," Wanda said.

Albert ran to the sitting room and told his parents. They rushed to see Wanda, but she was not there. She disappeared again.

## Farm or City Life?

This story begins at a beautiful farm – Smith's Farm which was not too big but the animals on the farm were very happy living there. The farmer, Mr Smith, had a dog named Bankey. He was a good dog and very hard working. However, one day Bankey decided he wanted to go into the big city and try and live there because he was finding it boring on the farm.

He had one problem though. How could he go there? At that moment, the little dog's master was getting ready to drive his van into the city. When the other animals heard about Bankey's plan, they were very excited. They watched as he jumped into his master's van and then watched him drive away towards the city.

When they finally arrived at the city, Bankey saw that it was very dusty and no green plants could be seen. "This is really just too bad," thought Bankey. "It is just too polluted and so noisy here. I can't live in this city after all. I must go back to my friends on the farm."

The animals were all very surprised to see the dog return home with Mr Smith. They asked him lots of questions about his experience and when he told them what he had seen, they all felt much happier staying where they were on a farm with fresh air and no noise.

## Getting to know more about Nick Vujicic

Nick Vujicic is a motivational speaker and an optimistic person. He is famous because his values and experiences are educational and inspirational.

Nick Vujicic, who was born in Australia, came to the world without arms and legs. But he was born with two small feet, one of which has two toes.

His life was filled with difficulties and hardship but he bravely overcame them. He attended a mainstream school and learnt to write using the two legs on his left feet. He also learnt to use a computer and type using the 'heel and toe' method. He can overcome the difficulties around his daily life. He can even take care of himself too.

His talk was really charming and taught me a lot. I have seen his talk show at DVD before. He talked about his experiences and taught the audiences what life attitude should be. His motivational speech is educational as he taught all the teenagers to face obstacles nowadays and it encourages me to be brave and not to be feckless. By the way, after listening to his talk, I have been encouraged by his optimism and 'never-give-up' attitude.

I think he is a role model for young people because of his bravery. We should learn his perseverance to overcome difficulties and be positive in life.

## The Adventure to the Ocean

There was a beautiful sunrise. The sun emerged in the east and climbed above the horizon slowly. Everywhere was covered by a golden-yellow colour. The pinks and yellows of the sunrise then filled the sky whereas the sea reflected the sparks from the spectacular halo. This was a romantic scene. A couple were leaning against each other on a ragged boat. How perfect it was for them! But, hold on! Who was the fat boy sitting next to them? There shouldn't be anyone else who affected this perfect moment.

'It's your fault, Jason!' said the fat boy sitting next to the girl angrily. He was totally wet and he continued, 'You suggested us to have a trip to the sea, but this trip, well, is no fun at all! We were both trapped in this big trouble now!'

The boy who named Jason was silent.

'Hey! Say something, at least you should apologize to Miley and me!' shouted the fat boy.

Another silence.

'Ben, it's ok. Stop squabbling! We both did wrong. Also, no one knew there would be a tempest.' Miley broke the silence with a calm voice.

'But here's the problem. We now have no food, no mobile phone and no electronic device. We even don't know where we are or when a rescue team will come! It is a predicament. Oh my God! My life is over and I will kick the bucket very soon. I don't have any girlfriend yet!' Ben grumbled loudly.

'Maybe we can catch some fish,' Jason suggested.

'Yes, that's a good idea! I believed that a rescue team will come and rescue us later on. Calm down, everyone! Let's make a fishing net to catch fish for food!' Miley said excitedly.

The children moved quickly and used some ropes to weave a fishing net. After the work, they decided to cast out the net, but they stopped their actions all of a sudden.

'The water is too dirty, you see...it is covered with oil, plastic bags and all kinds of rubbish. How can we catch a fish? I mean, even fish cannot survive in this tough condition,' Ben said glumly.

'It's human's fault! We keep polluting our lovely ocean as we dumped wastes and sewage in the sea. In the past, it was a deep blue ocean, but now...' Jason said regretfully.

'Cheer up, Jason! Maybe we should have a try. It's better than just sitting here and do nothing,' Miley encouraged the other two.

'Okay, we should have a try first. Guys, throw the net into the sea!' Jason commanded.

The children threw the fishing net into the sea and waited. It was cool in the vault, but everyone was sweating. Fifteen minutes had passed and Ben pulled the net.

'Wow!' Ben shouted. 'It is really heavy. There must be a lot of fish!'

Everyone was excited as they longed for a good result. They pulled the net out of the

sea only to find an unexpected result—the net was just full of plastic bottles and rubbish. Everyone was disappointed.

‘We shouldn’t throw rubbish into the sea, but rather, we should protect it. And finally we get suffer from our selfish behaviour,’ Ben murmured.

‘If we can survive this time, I swear I would be good to the Ocean,’ Miley prayed.

The night was approaching and the sky was becoming dark. It’s blowing a gale. The children was exhausted and tried to have a nap. Suddenly, there was a rumbling sound and a light passed straight on the children.

‘Are you okay, children?’ A man on a motor yacht asked.

‘Oh! Help! Please help us!’ the children’s eyes were bulging and they waved their hands in the air as they speak.

‘We survive! I have already said that we would be fine. It’s ok! Thanks God!’ Miley said excitedly. The children hugged each other.

The rescue team sent them to the harbour and the children met their family members. Everyone was joyful. After the terrified trip, they realized that they should protect the ocean carefully for it may save our lives one day.

## Balance

An old woman was sitting under a tree, and she put her hands on newsprint. Then she saw a girl running towards her.

‘I don’t understand! Why mum wants to oppose Jack and me? I am 17 years old now and should have freedom of love!’ The girl shouted.

‘Sit down, Elizabeth. Do you want to hear a story?’ The old woman said slowly.

Elizabeth lay beside with her grandma with her hands under her chin and said, ‘Of course!’

xxxx

About fifty years ago, the University of America was holding an Open Day. Everyone was excited except a girl. She had long light hair and her blue eyes were as blue as the sky. She stood under a tree and talked with her friend Karen.

‘Why do you like this event? You’re just like a kindergarten student!’ Linda said with a deep groan.

‘Come on, Linda. You are an excellent student indeed, but you should have some activities other than studying in your life.’ Karen said.

‘I just want to go home.’ Linda begged.

'The opening ceremony will start very soon. Please...' Karen begged again.

'You know I never like events of this sort...' When Linda said that, she was walking towards the gate of the school and wanted to leave.

Linda had always been alone by herself. In her life, it seemed that only academic results mattered. One day, someone tossed rubbish on her when she was studying under a tree.

'What a good student of solitude! You'll be alone forever.' They laughed.

It's true. Linda had no good friends. She was heartbroken but she did not cry. It was because she thought they were just naughty students who did not worth angry at. She didn't care. Neither did she understand why everyone treated her like that. So she thought the others just envied her. Therefore, she did not want to be friends with others.

'They are so lame!' she murmured.

One stormy day, she was in a room by a lake in the evening. Raindrops were beating the windows and there were howls of wolves inside the building. She felt feared for the first time in her life.

'Mum...Dad...Where are you? Who can help me?' She sobbed.

Hours later, she heard a strange voice outside the door. She thought it was a ghost so she hid under a table.

'Don't come in, please! Please don't come in...Why all of you treat me badly? What have I done wrong?' she cried again.

'Linda! Are you here?' Karen shouted.

'Yes! Yes! I'm here!' Linda exclaimed. She felt relaxed and found the advantage of having a friend for the first time because Karen cared about her. So she began to accept other people.

Afterwards, she became the most popular student because of her changes. Then, she met a boy friend, Tim. But Tim was not a good student for he was a thief and took drugs. Tim had sweet talks with Linda every day. So Linda thought Tim would change into a good man because of her.

That was not a good start. Since then, she didn't review for her exercises anymore. She didn't attend lessons and ignored her best friend Karen.

The school met Linda's parents for that reason, so her parents moved from France to America.

'Linda! Do you know what you are doing? How old are you? You are just seventeen! Before you made a boyfriend, everything had been normal. But now everything goes into chaos!'

'Okay! What do you want to do, then? I have never been allowed to decide anything! I hardly have any choice. I have freedom and I want it badly. I love Tim and Tim loves me! I want to be free!' Linda explained.

Then Linda's father beaten her.

'Free? Do you know how much we paid for your education?' Her father shouted angrily.

Linda cried. She wanted to leave.

'I am but a tool of you. Do you know how poor I was when I studied at this school? Everyone hates me. Tim is the only one who loves me. Can you listen to me once?' Linda replied.

After that, Linda didn't go to school and she became a thief like Tim. Once she was caught by the police. Karen bailed for her.

'Leave him!' Karen said coolly.

'But I don't want to live without him. I love him so much. We will get married for sure!' Linda responded affirmatively.

'You said that he would become a good man. But where is he now? You were caught by the police but he is away! He cannot protect you forever!' Karen said with fire in her eyes.

'I trust him, anyway.' Linda murmured.

'I will take you home right now.' Karen said.

When they arrived home, Karen found there were medicine bottles on the table.

'What are they? Drugs? Linda!' Karen asked.

But Linda did not say anything.

'Are you even taking drugs?' Karen shouted.

Linda did not now how to explain as she really did it. She felt frightened to take drugs at the beginning. But for the sake of him, she did everything. Since Karen was her best friend, she didn't want to lie to her.

'Oh no! You can't do that or you are going to die very soon. Follow me. I don't want my best friend to be a drug addict. Please...leave him...or you will die...' Karen cried.

But Linda did not leave him. One day, Tim was zonked. Linda didn't want to give him a drug, but Tim felt angry and beat her up.

Linda was sent to hospital and her parents were summoned. When they saw her, she cried. She felt sad because she made her parents upset. She saw the worried and sorry appearances of her parents. She felt extremely guilty about herself. Her parents wrote a lot of letters to her, hoping that she would continue her study.

'Grandma...Do you think Jack is a bad boy?' Elizabeth asked.

'No...you are a student and your basic responsibility is to study hard. You can't be distracted by other matters.' Grandma said. 'Your parents love you, though they probably don't understand you. Still, they want you to be a good student. This is good for your future. What do you want to do next, Linda?'

'I'm not so sure...' Elizabeth hesitated. 'May I ask one question first?'

'Why not?' Grandma replied.

'I know that Linda is your name. Is it your own story?' Elizabeth wondered.

'Oh my dear...' Grandma only replied with a smile and hugged Elizabeth tightly.

## Short Story – Welcome to the Future

'Hey mum, I am really hungry now, please prepare my breakfast right now!' Kelvin shouted loudly. No one argued with Kelvin. 'Dad, what's wrong with mum?' No one answered Kelvin. 'What happened then? Why does no one take notice of me?' Kelvin pushed the door and shouted.

When Kelvin went out to the living room, he discovered that this place was not his home. 'Oh! Where am I? Where is my television? All my toys disappeared! God!' Kelvin said angrily.

Suddenly, Kelvin heard some footsteps 'Flop, Flop, Flop', and he felt extremely unusual because a monster appeared in front of Kelvin. That monster had one big eye, a red big nose and a green body.

'Hello, I come from "Red Star", my name is Kenric. Welcome to the future!' Kenric said.

'Future? Don't be kidding!' Kelvin said.

'Undoubtedly yes, human beings will be extinct on 21st December of 2012 because of the end of the world. But the year now is 3011.' Kenric answered quietly.

At that moment, another alien appeared. His appearance was similar to Kenric, but his neck was as long as a giraffe.

'John is my partner, we work in a secret place together.' Kenric said.

'Partner? I don't know at all, can you explain it more?' Kelvin asked.

'Alright, but don't tell other people this secret. Be honest, we have set up an organisation called "Against Red Star Government Organisation". Our aim is to bring the president - King to the hell, it's because he killed a lot of our comrade, and now we have to revenge!' Kenric said.

'So, we have to dispose everything carefully. Would you want to follow us then?' asked John.

'Certainly! It is an interesting game, I would like to be a spectator.' Kelvin said happily.

When they went to the base of operations, the leader of the army appeared.

It is just a robot, the controller is in his body. So John, jump over his body and take it away right now.' shouted Kenric.

'Are you crazy? I could not do that! It's silly!' said John.

'THIS IS AN ORDER!' Kenric shouted.

'Negative! Is there any other way to kill it?' John asked.

When they were arguing about it, King appeared. He took away the controller from Jeremy's body. 'Boom! Boom! Boom!', Jeremy exploded.

'Hahaha, welcome to the Red Star, Kelvin. Well, Kenric and John are wanted by our government. If you don't want to be killed, please get out of my way!' King said.

'Is it a joke? I am not scared at all, just show me your attack.' said Kelvin.

King became bigger and bigger, and as fat as a pig. He was chasing Kelvin and tried to step him, but it failed.

'Poor attack, please practise more before fighting with me,' said Kelvin. 'Now, it's my turn. Kenric, John, let's jump into his body and destroy him.'

King's body was attacked and shouted 'Need back up, Jeremy.' He regretted that he killed Jeremy because he thought he could kill Kelvin, Kenric and John by himself. But finally, King died.

'Boom! Boom! Boom!' There was a storm.

At that moment, John absorbed all of King's power suddenly.

'John, what are you doing? Stop it immediately!' shouted Kenric.

'Get out of my way! It's time for me to be the new president of Red Star. Now, my target is you, Kenric!' said John.

'Stop your action right now! I don't wanna hurt you because you are my partner, my best friend!' Kenric said and cried.

At that moment, John stopped his action and became normal.

'Oh, what am I doing?' asked John.

'Nothing. Now, Kelvin, here is a time-machine in front of you, go back to human period but don't forget us!' said Kenric.

After one second, Kelvin came back to his home. He went to check the calendar. It showed "22nd December, 2012".

'Oh, I was cheated.' Kelvin said and smiled.

## Adventure in Latashia

One day, Tebby had a quarrel with his mother again. It was because he made his little sister cry again.

"Why do you always do that?" his mother asked.

"She usually takes my things, but you just care about her and you don't love me!" Tebby shouted.

Then Tebby determined to leave home.

Tebby found that the sky was dark, so he brought his flashlight and tried to find a place to stay immediately. He walked around the park and saw a river which he had never seen before, so he was going to stay there and hid himself.

Tebby went to the river and sat under the tree. He took his flashlight and turned it on. At that time, he was still very angry with his mother.

"I wish I had never lived with them before!" Tebby yelled loudly.

Suddenly a ray of bright light coming from the river made him dizzy. Five minutes passed, he found that he was in the place where he had not been there before.

"Welcome to Latashia," a beautiful voice said.

"Why am I here and who are you?" Tebby asked.

"You can find the answer in your wish.....my name is Andle," the voice answered.

"My wish....." Tebby wanted to know more about Latashia, but that voice didn't appear again.

After that, he didn't know where to go, so he just kept walking. He saw the sea and a sign. Some words were written on the sign, so Tebby went near to the sign and saw the words 'Pirate Sea'. Then Tebby saw a ship stopped by the shore. Also, there was a flag which had a cross sign on it. Tebby tried to go on board and found some clothes which belonged to the sailors in a strange room. Suddenly, he heard a scary sound, so he opened a crack and peeked through from the door. He saw a man in untidy uniform, his eyes looked so fierce and there were some short scars on his face.

"Oh! he is a pirate." Tebby whispered.

Tebby stepped back. At that time, the pirate heard someone behind the door. It made Tebby feel nervous.

"Den, is it you?" The pirate shouted.

"Yes, I am here." Tebby replied to him carefully.

"What happened to your voice?" the pirate asked.

"Oh! It is because I got sick and I don't want to infect the others." Tebby explained.

"OK! Maybe you should stay in this room and watch my art work! You will feel better." the pirate laughed loudly.

Tebby saw some dead bodies hanging up onto the wall. Tebby trembled after he saw it. But he couldn't leave now, because other people would discover him. He just wanted to sleep until midnight. When he slept, he dreamed of her mother's face. She looked worried and nervous about him. This time he felt very upset. He got up immediately and he was ready to leave the ship. When he opened the door, one of the sailors saw him and he was going to call the pirate. Tebby tried to leave the ship, but it was not successful. The pirate finally saw him, and took a sword to point at Tebby, Tebby tried to find a useful thing in his bag. He took a flashlight and turned it on. Suddenly, the flashlight was changed to a 'sword', but the pirate had already used his sword to pierce Tebby's clothes. Then, Tebby was pushed to the edge of the springboard and the pirate pushed him off the sea.

"Good bye!" The pirate shouted.

Tebby was floating on the sea for one day until he arrived at a land called Shocking land. Then someone shook him. Tebby opened his eyes and saw two fat boys standing in front of him.

"Doke Buke loved playing tricks on monkey." Two fat boys said.

They hugged Tebby and made a sound like 'Bu...'

"Oh! you fart!" Doke Buke said.

"What?? How do you know my name?" Tebby asked.

"Oh! It's because Tebby is like a monkey baby! I am your mammy. Let me give you a kiss," Doke Buke said.

Doke Buke kissed his face. Tebby wanted to vomit. But he didn't, because he wanted to ask them about how he could return home.

"I don't belong to this place, can you tell me how I can go back to the real world?" Tebby asked.

"Poor Tebby baby, you're lost. He can't find his mother. Let's take him to the leader." One of them said.

When Tebby saw the leader of Doke Buke, he looked at Tebby.

"Do you want to go back to the real world?" the leader said.

"Yes, absolutely yes!" Tebby said.

"Ok! You should go to the Treasure Island," the leader said.

"How can I get there?" Tebby asked.

"You just need to say 'Treasure Island' in front of my golden egg, then you can go there," the leader said.

Tebby said those magic words in front of the golden egg. 'Boom!' Tebby's hair became curly after the explosion. Suddenly, a beautiful voice appeared again.

"Hey, you finally want to go home, Ok! There are six treasure boxes in front of you. You only have one chance to open it. If you can't find the real one, you will stay in Latashia forever," Andle, the voice said.

Tebby finally opened the smallest box. There was a machine inside it. Tebby found the real box!

The red button is 'Go to toilet', and the green button is 'Go to the haunted house'.....the yellow button is 'Go to the real world', the machine said.

"Now you can go home and meet your mother again," Andle said.

Tebby felt uncomfortable about the bright light again. When he woke up, he was in the park and his mother was sitting by him.

"Mum, I want to go home now,"Tebby said.

"Okay! My son, we're waiting for you," mother cried.

Finally, Tebby went home with his mother. The river which took him to Latashia didn't appear again.

## Alex's Adventure

Once upon a time, there was a boy called Alex. He and his mother Amy lived in a very small village. But one day, a huge object with ten eyes, six fists and four legs came to the village.

'Ha ha ha! I'm Gary. This village has been conquered by me. Don't try to be against me because it is useless. Give me all your crops or I will catch you to my castle. Ha ha ha....,' the monster said.

Amy and other villagers took some weapons immediately and cried, 'Listen, devils like you can't live on the world. Humans and monsters are totally different which would never live together!'

'You all want to go to my castle? Your wish will be granted,' Gary said.

Gary caught all the villagers who got weapons, including Amy.

'Mother! Mother! Come back! 'Alex cried.

Gary left. The village had no one but Alex. The sky started to rain. Alex's cry and the rain mixed together.

In the rain, an old man called Steven walked past the village. He saw Alex crying alone. He knew that a monster had just come to the village and caught the villagers. So, he took Alex back to his home in a forest. He also taught Alex magic so that he could take a revenge on Gary.

Time passed quickly. Two years later, Alex learnt almost all the magic spells that Steven knew. The last magic spell that Alex hadn't learned was 'Hell Fire'. It was the most powerful one.

One night, when Alex was practicing 'Hell Fire', a huge object with ten eyes, six fists and

four legs came to the forest where Alex was staying. Alex identified the object was Gary. He then chased after Gary.

In fact, Gary had just attacked a village. He was very tired. He was running back to his castle to sleep when Alex spotted him. He didn't know someone was chasing after him!

Gary ran very quickly so that Alex could hardly catch up with him. When Alex entered Gary's castle, Gary was sleeping already. Alex shouted as loud as he could, 'wake up, Gary!'

Gary woke up immediately. He used his five pairs of eyes to look at Alex and said, 'Little boy, you really want to die?'

'I want to have my mother back!' Alex cried.

'Are you crazy? Why do you think I will release your mother to you? Go to die now!' Gary said.

Gary threw his gigantic fists to Alex. Alex couldn't avoid them. One of Gary's fists seemed to hit Alex, but a strong wind blew up all of a sudden. Gary's fist was struck by the wind. A girl appeared.

'Who are you?' Alex asked.

'I am Mary, a witch from Evil Killing Group,' the girl with a red face answered. Alex almost couldn't believe his ears.

'Are you from Evil Killing Group?' Alex asked.

'Yes, and now we should fight against Gary together,' Mary said.

'Sure! Today is your last day, Gary!' Alex said.

'Two little children want to kill me? Don't make me laugh! Hundreds of witches came to kill me, but no one has ever succeeded,' Gary said with a scornful expression.

'Maybe we are weaker than you, but we aren't as weak as them. Try my "Hell Fire",' Alex said.

'Also my "God's Tornado", Gary!' Mary said immediately.

A fireball and strong wind mixed together. The attack hit Gary but he didn't get hurt.

'Is this your secret weapon? Let's see now I'm going to kill you two,' Gary said and laughed.

Gary threw his fists to them. Rocks were flying from different directions. Alex and Mary's attack could not hurt Gary at all.

'Go home children, you can't win over me today!' Gary said.

'Evil can't win over justice! "Hell Fire"!' Alex shouted.

Suddenly, a strange ray of light came from Alex's hand. A gigantic fireball flew out. The fireball hit Gary's stomach and knocked him down on the floor, spinning. Mary quickly poured holy water towards Gary.

'We win,' Alex said, 'Justice wins over Evil!'

Alex and Mary saved the villagers in the castle. Alex and his mother Amy went back to their home. Mary left Evil Killing Group and lived with Alex since then. They had happy time there after.

## The Glass Cup

Anna Randal lived alone. She had a son 'Jasper' who lived in a boarding house in Imperial College. They could not live together because their relationship was bad.

One night, Anna was going to sleep. She realized that she forgot to check the letter box out of the house. So she went out and checked it. She received a letter from a prison. She was about to open it but she hesitated. She didn't open it but threw it to the bin.

A week after that, it was a cold night. Anna was going to sleep. Suddenly, she heard a sound "plenk". She turned to be alert. She could hear that sound coming from outside. So she ran to the door and peeked through the keyhole. There was a broken glass cup on the floor but no one was there. She went back to bed and got some sleep.

The strange incident occurred every night at 11:00pm. Anna was very worried so she told her son – Jasper. 'Jasper, this is mum.' Anna said. 'I'm so busy, say it quickly, what's up?' It seemed as if Anna was bothering Jasper. Anna told the strange incident to Jasper. 'What?!' Jasper laughed. 'I'm so serious, Jasper! Will you stay with me tonight?' 'Well, fine.' Jasper answered. The time was 10:00pm. Jasper had just left the boarding house and took a taxi to Anna's house. He arrived. "knock knock..." Jasper knocked the door. No one opened it. 'Mum?' he shouted. Jasper decided to call her, but the phone was picked up by a man...

'Hello.' a creepy voice answered. 'You mum is going to the hell.' Jasper was extremely worried. He ran to the garden to find Anna but no one was there. Everywhere was covered with snow so he could not see things clearly. He heard some strange sounds from the basement, so he ran there. There were many broken glasses next to the door of the basement. But the door was tightly locked. 'Mum?' Jasper shouted. 'I'm here!' a woman shouted. Jasper crashed the door and got into the basement. He saw Anna was hurt and there was a man next to her. Jasper picked up a shovel and hit that man's head. The man passed away.

'Mum! I'm sorry. I love you!' Jasper held his mum tightly in his arms. Anna was feeling so consoled. By that time, the cop had arrived and caught the man. 'Who's that man? Why did he want to hurt you?' Jasper asked. 'He is Tony Johnson, Amanda's ex-boyfriend.' 'Amanda?! You mean, Amanda Randal? My auntie?' 'Yes, your father tempted her long time ago. Tony was angry of course. And I was absolutely depressed at that time. Tony was my friend when we both were young. But since this thing happened, we broke up and then Tony killed your dad, Jasper. Tony was in jail but last week, I received a letter from the prison. Tony was about to be released.

Jasper had nothing to say. He just couldn't accept the truth.

A month after that, everything was turned to usual. Their life went on. The good news was that Jasper was willing to live with Anna...

## Computerholic

Do you believe that one day you will become a character in the computer game? Sometimes, life lays a lot of miracles...

William is a low self-esteem teenager. He has a pointed face with a big spot up above his mouth. William does not have many friends, the only friend maybe his computer. William is a typical "computerholic", which is named by his classmates. William plays computer for about ten hours every day. His "best friend" is possibly X-function, a famous computer game.

This evening, William was playing with his "X-function" as usual. All of a sudden, the lights went out. Sizzling sound came out from the computer continuously. He found himself smaller and smaller gradually and finally disappeared. He found himself falling into a sparkling tunnel, he was transported into an unknown space. Instead of struggling to go out of the tunnel, he closed his eyes and enjoyed the moments. The speed became faster and he felt dizzy and became unconscious.

A bright light shone on his face. He opened his eyes finally and found himself in another place. He turned around. The place was familiar to him. The buildings, the shops, the streets... it seemed he had seen it somewhere before.

"The setting of X-function!" William realized.

However, he quickly found that there was something wrong on his body. He stretched his hand out. In a shock, his hand was two feet far away from him. His eyes wide opened. Then, he jumped up "Ah..." He screamed. He was seven feet up in the air. He then realized that he had superpower. "Wonderful!" he talked to himself and grinned.

"What can I do with this superpower!?" He asked satisfactorily.

He started walking around X-function. Suddenly, a girl appeared in front of him. She was of average size. She had long hair, a pair big eyes and a small mouth. She was beautiful. In a blink, William noticed that she also had superpower.

"Hello" William greeted.

"Hello. Do I know you?" Emily replied.

"No, but..." William started talked about his "BIG PLAN" in the computer world.

"I have no interest in any crime" Emily said after listening to William's BIG PLAN.

"That's our destiny!" William said. "Don't you remember our mission in this world? Let's cooperate and rob." William added.

Finally, Emily agreed. They started their robbery mission and got a lot of money. However, William didn't share what they got with Emily.

"Give me your money!" Emily said angrily. Her eyes turned red and held her hands up. All of a sudden, William's eyesight went blur...

## Killer Jackson

Tom: Hello, I'm 17 years old, and u?

KJ: Oh! I'm younger than you. I'm 16 years old. Nice 2 meet u.

Tom: Nice 2 meet u 2.

Tom: What's your favourite singer?

KJ: My favourite singer is Koda Knin.

Tom: Me 2! How about your favourite movie? Mine is Beastly U!

KJ: Bingo! I also like Beastly U.

KJ is Mary. She is a little girl and loves to meet people on the Internet. If she has good feeling on the guy, she will invite them to come out for dinner. She always thinks that it is always surprising to meet friends online. This time, Mary makes friends with Tom. They became familiar. They talked everything together.

Tom, no one knows anything about him. Even his neighbours also think that he is mysterious. He never comes out from his house. He loves to hide himself in his computer world. They never know what Tom is doing in his house. What they can hear is the same laughing sound he made from his house. Every one is scared of him as they are afraid that he is involved in a series murder in the city.

The murderer loves to meet people on the internet. He will invite the target to come out and treat them dinner. He will wait for the right time to drag them to a remote place and killed them. Every one called him "Jackson" because he always writes his name "Jackson" on the wall using the death's blood. He has already killed sixteen people in one month. The government, the police warn the people in the city to be aware of him.

Tom: Are you free tonight?

KJ: ??

Tom: Let's go out and have a dinner!

KJ: ...

Tom: Ok?

KJ: Sure!

Mary never thinks about receiving his invitation ahead of hers.

They promise to meet each other in a restaurant at 8:30 pm. When they go to the restaurant, they order something to eat and talk together for a long time. At last Mary and Tom ordered some drinks. After several drinks, Mary has to go to the toilet. In the meantime, Tom adds something into Mary's drink.

"What's wrong with you?" Mary says sipping a little more from her drinks.

"Nothing. Let's go, shall we?" Tom grins when he suggests.

When they go out of the restaurant, Tom advises Mary to go with him as he would like to give her a surprise.

"Do you want to give me a present?" Mary looks surprised and happy.

"Yes! I want to give you something special!" Tom grins again.

Tom takes Mary to a dark place where there is no one. As they walk, Mary feels dizzy and falls down on the floor unconsciously. Tom took out a knife and walks close to Mary. However, he finds himself weak and leans against the wall. He falls down. Mary stands up and laughs.

"I have warned you already! I am KJ, Killer Jackson." Mary laughs loudly.

Tonight, Killer Jackson kills one more person.

## Tony the super boy

Dear Tony,

I can XXXX you. Although I am your friend but now I'm not if I can XXXX you, get XXX power, I will be back.

Ben

I read this letter in my dream. I believe this is not a simple dream. It's a nightmare to me. I can't decode the missing letters. What is XXX power?

\* \* \*

Hi, my name is Tony. I am like those teenage boys who like wearing FILA T-shirt and shorts with sports shoes. I have attractive eyes. I have a muscular body shape. I have a lot of friends. May is one of my best friends. She has long, blonde hair. Her eyes are attractive. A lot of boys admired her, except me. She is a gifted girl. Here she comes, she is approaching me.

"Hello, Tony, what are you doing?" May asked.

"Nothing" I said. Suddenly, I grasp hold of May and said, "I tell you something, I think I have got some problems. I... I can control things."

"Well, are you kidding?" May showed her doubted.

"When I concentrate on a thing, I can control it. If you do not believe in me, I can show you." I talked to her firmly. Then I demonstrate my power to May. I raise one of my hands above a cup and it raises.

"Amazing! How can you do that?" May asked amazingly.

"I don't know, I just can do it. I think I have something wrong on my body. But I always dream lately. In the dream, I received a letter from Ben." I said. "Do you have things to do tonight? You can come to my home and I can show you more about my unknown power." I said...
