A PERSONAL LETTER

Hi Amy,

I am so glad to hear that you are coming to Hong Kong for two days. I will bring you some popular places in Hong Kong. I have also planned an interesting two-day itinerary for you. I am sure you will like it very much.

On the first day, I will bring you to Ocean Park. There, we can see the pandas, jellyfish etc. There is also a fantastic show by dolphins. You can kiss them if you pay \$10 dollars. We can take the cable car from north to west and look at the beautiful sea. At night, I will bring you to "The Ladies Street" to eat delicious food and buy some toys there. The things there are cheap and we can buy a lot!

The next day, we will go to the Peak. We can take the Peak tram up the hill, and also take photos with the wax figures at Madame Tussauds. We will also go to watch a film. It is about some famous celebrities in Hong Kong.

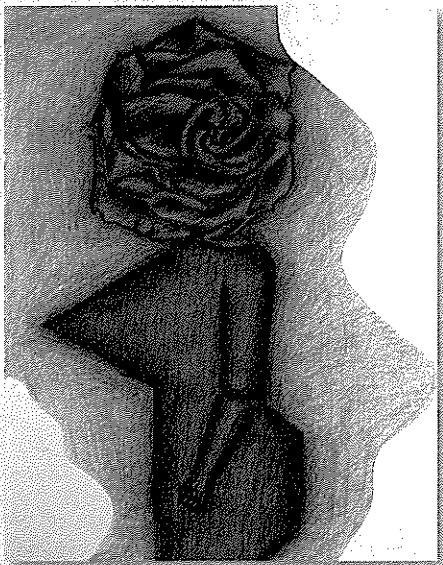

At night, we will go to the Avenue of Stars to take photos with the statues and handprints of movie stars. It is a place we must go.

Hope you will like the places I will bring you to!

Best wishes
Kristin

MY HOMEPAGE

About me

My name is Angel. I'm 12 years old. I live in Ma On Shan. I'm of average height. I have long, straight black hair and it is always tied up with a ponytail too. I think I'm quite friendly because I have many friends. Sometimes I argue with them. However, our arguments won't change our friendship.

My family

I live with my father, mother and younger sister. They are kind and helpful. Sometimes they are bossy but I love them very much. My sister is eleven years old. She is as tall as me but she's fatter than me.

My hobbies

I have lots of hobbies. I like sports, ice-skating, horse riding and many ball games. I love watching TV too. When I am on holiday, I like travelling around with my family and chatting with my friends on the phone.

My school

I go to Sun Fong Chung College. My lessons start at ten past eight in the morning and finish at quarter to four in the afternoon. My class teachers are Miss Wong and Miss So. They are kind to us as they are always patient in answering our questions. So, we like them very much.

My best friend

My best friend is Ivy. She is tall and slim. She has long straight hair. She ties her hair in a ponytail like I do. I like playing with Ivy very much because she is humourous and she always makes me laugh. Sometimes she is shy though.
