School Picnic

1A Lo Fuk Ying

Our school has a school picnic every year. We went to Lai Chi Garden to have a barbecue yesterday. I was so excited about it.

There were many facilities, such as a playground, a pond. I liked the playground very much. It looked like an adventure. It was exciting.

We had a barbecue at ten o'clock. We sat together. We had a lot of food such as pork chops, chicken wings, fish balls and sausages. They were very yummy. Finally, I took a photo with my class teacher.

Having a picnic with my class was a wonderful experience. I think this trip is meaningful because I have learnt how to have a barbecue. I am so proud of myself. Although I was tired, I was very happy.

My aunt came to Hong Kong last week, and my family and I showed her around today.

In the morning, Dad took us to have breakfast. We ate dim-sum in a Chinese restaurant and then we went to the park to do some morning exercise. Next we had some snacks.

In the afternoon, we took our aunt to visit the Peak. After that, we went shopping in Mong Kok. When we got there, we felt tired so we had some tea.

In the evening, we went to Jumbo Floating Seafood Restaurant and watched a film in Causeway Bay. Last of all, we went to the waterfront next to Victoria Park to watch the laser light show, and then we went to try some sweet soup.

This was the happiest day of my life. I think my family was happy too.

New Year's Eve

1E Cheng Kin On

Last Saturday was 31st December, the last day of 2007. My brother and I invited some friends to our home to welcome 2008. At about 4:00 p.m. my brother's friends arrived and we played some games. We had played a lot of games and we were very happy to play cards and some computer games. At about 8:00 pm, we ordered some food from KFC and pizza for dinner. We were happy to have KFC and pizza because it was delicious. We all enjoyed the food. And we had finished the food, we played some games until 11:45pm. We switched on the TV and we welcomed 2008 in about 10 seconds. We all said 10,9,8,7.....0 Happy New Year! And Happy 2008! We were very happy that day! At about 1:00, I was very tired, so I had to go to bed to sleep.

Last Saturday was really a good day!

Outdoor Learning Day

3B Mok Ho Ting

It's today! It's today! I was a little delighted, because today is Outdoor Learning Day! Peggy and I were screaming and shouting at the playground. Today, I just brought a bottle of water and that's all. When Peggy heard that, she was a little disappointed, but I said the most important thing was I had brought my mind.

When we arrived at our destination, the first thing was playing tennis! Peggy, Sarah, Rem and I played tennis, then we played squash. After that, we played roller skating. Nobody knew how to play the game, except me. Then I taught Peggy how to play roller blade. Peggy is very fabulous at sport! Only after a short time, she knew how to play. After some time, almost everybody knew how to move. Peggy felt very successful! Then we went to eat lunch. Every table should have 10 students. Peggy and I sang around the table, all of the friends laughed.

After lunch, we went to the handicrafts workshop to make a key chain and a swan. After all, we had to come back to school.

My pressure

3B Sham Kwan Lun

This semester has just started a few months, but I think my pressure came from different ways. For example, at lunch time, we need to go back to classroom because we should have a test called "TSA". Although this is only a quiz, I think it is quite important, it will be counted in our performance mark.

The second pressure is that we have a lot of homework every day. We only count maths homework. We should do it from 8:00 p.m. to 10:00 p.m. but sometimes we also have other homework and we should do preparation and revision, so it is quite stressful.

The pressure for me is all about school life. When I want to relax, I will listen to music. But last weekend, I felt more relaxed, because I went camping. I have been to this campsite before. This time I have a mentor in the training camp. I think it is quite relaxing because the games were exciting. When I was playing the games, I could forget all of my pressure. I think this camp let me totally relaxed! It is quite happy, because I ran on a road with you and my friends. It is my first time doing it. Do you remember it?

Best buy of the Year

3D Tai Kwan Chung

I want to buy many things. I want to buy a HD TV set badly. The HD TV set is very clear. Every detail can be seen on HD TV. The screen is very big, I can select the subtitles. The HD TV set is very thin.

I want to buy a HD TV set because now my LCD TV is broken. Now many TV screens are very small and they are not clear. If I buy a HD TV, first I need to talk with my family. Then I need to solve the money problem. And I need to have good grades. If I achieve this, mum has promised that she will buy it. Then I need to find a good model to buy with mum.

I can enjoy myself in my spare time and play TV games on it. I will call my friends to come to my home to see it, because I like playing with my friends very much.

A delightful tour with Eric

3D Yuen King Cheung

I went to a tour for one day with an exchange student, Eric, yesterday.

First, we went to the playground on foot. The day was sunny and Eric took pictures in the playground.

Next, we went to Hong Kong Disneyland and he bought some presents for me. I felt very delighted.

Soon, we went to the Hong Kong Wetland Park in Tin Shui Wai by bus. He took pictures with me. And while we were walking, Eric was so careless that he cut his knee. He was painful.

In the afternoon, we went to eat delicious dim sum. It was marvelous.

After that, he went to a souvenir shop to buy some souvenirs, and he gave a souvenir to me, I felt very happy. He liked souvenirs, too.

Next, we went to Ladies' Market in Mongkok by taxi. He bought some clothes at Ladies' Market.

Lastly, we went to a café to drink coffee and he was happy.

On the tour, I felt very happy and so did Eric. He bought me some presents. I was very delighted.

It was a memorable day.
