# A brand new me-not an ordinary pair of shoes

*1B Lui Man Tik*

Hello, my name is Mandy. I'm a pair of sample shoes that can be tried. I've lived in a modern shoe shop for a long time. I'm not for sale. Since I'm a pair of shoes that can be tried, I have time to look at goods displayed in shop windows.

Once upon a time, I was a pair of common shoes, never eye-catching. The owner put me in the corner, but I didn't mind about it. It was a painful time. I have lost my cleanliness. Every day, there were about 10 people trying me on.

Finally, a designer made me become a pair of shoes that can be changed, so today I am the modern shoe shop's major attraction. I really thank the designer for designing a brand new me!

# Quest for Pencil

2A Au Lok Man Wendy

One day, on a big and clean student's desk, two pieces of stationery shouted at each other. One was a ruler. The other was a rubber.

'If I want something, I will get it by all means!' the ruler shouted at the rubber. 'No you can't. She doesn't want to go with you.' the rubber argued. 'No, I want her. You! Get away from me,' the ruler grabbed the pencil and ran away. The rubber felt very angry.

The ruler was always like that. If he wanted something, he must get it. If not, he would never give up. The ruler had a handsome face. Because of it, he was very proud of himself.

The rubber was better than the ruler. He didn't, of course, have a handsome face. Have you ever seen a rubber with a clean and

'handsome' face? I doubt it. The rubber wasn't born happy. On his forehead, he got some ugly hair. He used to tell people that this was because he wanted to look like his favourite pop star. But the real reason was that he cleaned every mistake on the desk very hard every day.

The rubber ran very fast and was angry with ruler. He was angry with people who didn't help him. He was going to the dark forest to find the ruler. The dark forest was very special. The trees, the flowers, the grass were all dead. The place was very dark and you couldn't see your fingers. You could only imagine where you were. The rubber ran and ran. He came to a house. It was the ruler's home. Some aliens were around the house. They saw the rubber and fought against him. One of them was very strong. He cut off the rubber's head! But did you forget that the rubber was a rubber? The rubber had another head! He ran into the ruler's house. The pencil was there. The ruler flew out and said 'Oh, now here you are. But you can't do anything. The pencil is mine!' 'No, I will help pencil leave here,' the rubber shouted and ran to fight against the ruler. They fought against each other. After some time, the ruler fell down. And so did the rubber. They kept shouting at each other.

At last, the rubber became very small and the ruler was cut off by half. The rubber helped the pencil escape. The ruler was very tired, so he didn't see it. When the rubber and pencil were leaving, the rubber was asleep.

## In an Old Time

**2B So Lai Ching Jacki**

One day, Crystal and Christy went to a forest to explore. Suddenly, Crystal fell into a hole. 'Help! Help.....Christy! Help!' Christy thought about all the ways to help Crystal, but.....she couldn't think of any. So she used her hand to hold Crystal, 'Hold me.'

Of course, she fell in the hole too.

'Aaaaahhhhhh'

When they were conscious, they saw many people in clothes of Ming Dynasty.

'Hey! Crystal! Do you see that? Many people wear some strange clothes. Are they in a costume party? I think we can also join in it.' They looked at the clothes that the other people were wearing. It was so unbelievable!

They walked and walked until they came to a Chinese restaurant.

'Crystal, are you hungry?'

'Yes! Are you?'

‘Yes, me, too.’

Then they went into the restaurant together.

‘Waiter! We would like two burgers and two 7-ups, please!’

The waiter asked, 'Pardon?'

'Okay! We just want something to eat.'

‘Okay.’

[illegible]

When they finished the meal, they went to pay the bill and they gave the waiter a \$50 note. 'What is this?' the waiter asked.

'Ah, I forgot to change my money to the old \$\$ . Can I pay you with a crystal ball?'

'It's so pretty! It may make me rich! Okay, you may go.'

Crystal and Christy went out and took a walk because it would make them fit. They walked and walked. They didn't know where they were walking. Suddenly, Christy stepped on something that was like a finger. She looked down at the ground. She saw a hand under her shoes. 'Wow! Who's sleeping here? It is so dirty!'

The one who slept on the ground was Mo-Chung. He was slightly drunk. Suddenly a strong chilly wind blew and a pair of bright eyes appeared. It was a tiger. It walked near Mo-Chung. They felt scared, so they escaped quietly. Suddenly Mo-Chung threw away the beer bottle, but it dropped on Christy's head. 'Hey you... be quiet!' Now Mo-Chung was already under the tiger. The tiger was smelling Mo-Chung. Mo-Chung felt uncomfortable and he opened his eyes, he saw a tiger above him. Mo-Chung escaped quickly.

'Hey! Crystal, Mo-Chung is running in front of me!' 'Yes! Let's get out of here.'

Mo-Chung climbed up the tree. He thought his tree-climbing technique was great. But not a minute later, Mo-Chung fell down from the tree. The tiger was still waiting for Mo-Chung to fall down. After a few minutes, he fell down again. The tiger opened its mouth because it wanted to eat Mo-Chung. Crystal was very worried, so she took a gun and killed the tiger. Crystal worried if the tiger was dead. It was. Mo-Chung thanked Crystal and Christy who stepped on a stone. They came back to the modern world again.

They thought it was a dream, but it wasn't!

## The New Friend

*2B Shiu Ki Sum*

Tonight, I had a fight with my good friend, so I went to the park. At that time, I felt very unhappy. In the park, there was only me! Suddenly I heard some footsteps. I felt very scared. The wind started to blow.....

There was some sound at the grass and I could see a little thing. I walked to it, and it was a ghost, but it was very cute. It had big eyes and a beautiful smile.

It was so cute but the little ghost did not have any friends here. So I started to help it. When I started to touch it, it was very scared and cold, but when I smiled at it, it was happy. I gave a new name to this ghost, 'Honey Ghost'.

I didn't know what Honey Ghost would eat, so I gave it some milk and eggs. It looked very satisfied so I felt happy. Every day we were happy and Honey Ghost grew bigger every day.

One day, Honey Ghost was very big and ferocious. It did not remember me. I was very sad. I knew I couldn't let it hurt other people but before I could do anything, Honey Ghost said to me, 'I must go to my real home, Bye.'

I was speechless. I just cried. When he went back to his family, I missed him very much. Now I can only see him in my dreams.

# A Christmas Friendship Day

2B Tsang Hau Ying

Yesterday was Christmas day. I went to Ocean Park alone because I had an argument with my friend, Adeline. When I arrived at Ocean Park, I had been waiting for Adeline for 30 minutes, but I didn't see her. I thought she was angry with me. So I went in first. After two hours, I wanted to watch the dolphin show. When I rode the cable car, I really enjoyed the view. The cable car went up to the top. Suddenly, I saw Adeline riding in the next cable car. I was afraid she hadn't forgiven me. So I pretended that I couldn't see her. When I left from the cable car, I followed her.

The dolphin show was starting. Adeline was waiting for someone. But I didn't care. I thought she had invited her friends, so she was waiting for her friends. After 15 minutes, none of her friends arrived. I felt very surprised.

Suddenly, someone shouted my name, 'Nancy...Are you Nancy?' That person sounded both hopeful and sad. The sound was the same as Adeline's voice. It was unbelievable! I turned my head and saw who she was. I was very surprised because she was Adeline. When she saw me, she started to cry. I tried to console her. Adeline returned to the seat, supported by me. 'Wait for me for a moment,' I said to Adeline. She did not respond to me.

When I came back, the show had already finished. But I didn't see Adeline. I was very worried. 'I just went to the tuck shop to buy a bottle of water for you. Why did you run away? Don't you know I am worried about you?' I thought.

'Excuse me, have you seen a girl wearing a pink T-shirt and blue trousers...' I asked other visitors. All the people I asked hadn't seen her but when I asked a man, he said he had seen the girl I described sitting on a park bench.

So I went to the park and I saw Adeline sitting on the park bench. I quickly walked towards her and I saw Adeline crying. 'I think you will not forgive me. I think you will not go there with me. I...' Adeline said.

'I am so sorry. I shouldn't lose my temper. I am sorry.' I said.

'I am sorry, too.' Adeline said. We were crying together.

I walked hand in hand with Adeline. We played all the games that we liked in Ocean Park. We bought so many presents for our families and each other.

This Christmas day was very unforgettable for both of us.

# A horror story

2B Chan Man To

In England there was one boy and one girl. Their names were Jack and Sally,

They were good friends,

They were 13 year's old.

One day, the school had a story about ghosts.

Jack and Sally really liked ghosts, so Jack was very excited.

The horror story was about a boy and girl who  
went to school one night to get some books or something.

And then the boy and the girl saw a "girl" sitting on a  
chair reading a book.....

And then .....

The head came off the 'girl's' body

And then the boy and girl  
were very scared. They went out of the school and they died.

Jack said, 'Sally, let's look for the ghosts today. We can stay in school  
at 10 o'clock"

Sally said, 'That's a good idea!'

So Jack and Sally went back home to change clothes.

Soon it was 10 o'clock.

Jack and Sally were outside the school gate.

Jack said, 'Sally, are you ready?'

Sally said, 'I've been ready a long time. I've just been waiting for you.'

'So let's go.' Jack yelled excitedly.

They went into the school...

Sally said 'Umm...why aren't there any ghosts?'

I feel bored. I'm going back home. Bye.'

And then Sally was on the stairs.

Suddenly Sally screamed, 'Help me... help me.....'

Jack ran to find her... but ... Sally had disappeared.

# An unlucky day

2C Chu Cheuk Ching

Eric had been playing computer games for a long time. He went to bed at 2 p.m., so he must be tired.

Today, when Miss Lam was teaching English, Eric didn't hear anything. He tried to keep listening, but he could not. Then he fell asleep in the English lesson, he had been sleeping for about ten minutes. Suddenly, Miss Lam found that. She was very angry, "What are you doing? You should not be sleeping! Go! Clean the board." Chris said, "No, no! I just want to...". "Right now!" Miss Lam said. Then he cleaned the board. After cleaning the board, Miss Lam told him to stay after school until he learnt what she had taught. Eric was unhappy. He had asked some friends to play together after school, but he had no chance to meet his friends.

He started waiting for Miss Lam. At last Miss Lam came. She asked him to do some homework, then she was gone. Eric finished it so quickly that he thought all answers were wrong. Maybe only one was correct. What he did was waiting for Miss Lam. He waited and waited. Meanwhile Miss Lam was working in the staff room and did not know that Eric was waiting for her. In the classroom, Eric saw a lot of rubbish on the floor. He didn't like dirty places, so he picked the rubbish up. All of a sudden, Miss Lam remembered that she had asked Eric to stay in the classroom and wait for her, so she went to the classroom. Eric had just picked up all the rubbish. The rubbish bin was full, so he wanted to empty it. When he was leaving, he kicked his bag but he tripped over carelessly. All the rubbish dropped. Miss Lam came back and saw a lot of rubbish on the floor. She asked Eric, "Why are you doing this? Do you hate this room?" Eric had to pick up all the rubbish again.

Eventually, Eric left the school at 7 p.m.. He missed the dinner and he was hungry. He didn't want this to happen again, so from now on, he decides to go to bed early. This unlucky day gave Eric a lesson, 'Never go to bed too late'.

# A Crime Witness

3A *Jeremy Chan*

At about 3 pm on 5th October 2005, Mrs. Cheung was waiting for bus No.2. At that time, 2 armed men wearing masks, T-shirts and jeans robbed the National Bank.

The two men approached the bank quickly, the bank staff did not know they were about to be robbed at that time. When the thieves got into the bank, they pointed their guns at the bank staff and asked for money. They placed their money into two very big black duffel bags and decided to leave quickly.

The two men with two bags full of money over their shoulders ran towards a prepared car beside the bank. The car was black with white tires. The car is single-door. The number plate on the car showed "WC1511".

This is the end of the witness report.
