Wanda is a 13 year-old student and lives with her brother, Albert, mum and dad. They live in Tai Po Estate, on the 14th floor. Wanda loves her computer and all her hi-tech gadgets, such as a camera, MP3 player and cell phone. Her favourite pastime is playing with her gadgets. She always forgets homework and helps mum in the kitchen. She has lots of friends and they often come to her place.

One day at 5pm, Wanda used her computer and gadgets for a power point for her computer club. She listened to music and talked to friends on the phone. Suddenly, there was a big explosion. It was loud and noisy. The computer started to smoke. Wanda was very scared. Her phone flew across the room. Then, she disappeared.

At 6pm, Wanda's mother called her and wanted to ask her to come for tea but there was no answer, so mum and her brother started looking for her. They looked in her room and smelt smoke but Wanda was not there. They searched the house but they couldn't find Wanda, so they rang the police. The police couldn't find her so they rang the papers and TV stations to tell everyone about Wanda.

Next day, Albert used the computer. Suddenly he heard a noise come from the computer. Albert was scared. He called his mother. Then, Wanda came back. She said she was dying because she was always using hi-tech gadgets and they were eating her energy. After that, Wanda went away. Her family was so upset.

Once upon a time, there was an old and poor farmer. He lived with his two sons.

One day, there was a knock on the door. His youngest son, Bill, went to open the door. It was a man. He was wearing an old and dirty suit. He said to Bill, 'Little boy, I am very hungry. Would you give me some food?' Bill thought for a moment, then he said, 'Alright, come in.' They walked into the kitchen. Bill took a loaf of bread, and handed it to the man. The man was so happy and ate the whole loaf in a minute. He thanked Bill and told him his story. The man was once a rich businessman, but his boss fired him because he was late for work one day. He lost his job. The man said that Bill was a very good boy, and one day, he would return his favour.

Many years passed and Bill had already grown into a teenager. One day, there was a knock on the door. Bill went to open the door. It was a man. He was wearing a shiny suit and looked very smart. He said to Bill, 'Do you remember me? I am the man to whom you gave a loaf of bread many years ago. I have come to return the favour.' Bill remembered him. The man handed him a briefcase. There was a lot of money in it. Bill was very surprised. He did not think that he should receive this much money in return for just a loaf of bread! So then, Bill became very rich. This story tells us that we should help the others no matter who they are.

My role model is a basketball player, Kobe Bryant. He was born in the US on 23rd August, 1978. I think he is the greatest basketball player and his basketball skills are the best.

He is determined to win in every game. He just looks at the basketball and catches it. He once got 81 points in only 30 minutes of a 48-game. Is he the best? Once, I saw him give a T-shirt to his fan. Is he very nice?

He has won the 3-point shoot-out at the NBA All-Star basketball game. I think this was very difficult because a player is only able to shoot a three-point shot out of ten times and he did 13 times. This is the best result.

The other thing I wish to comment on is his personal life. This is not very interesting, I think. In 2005, he went home and hit his wife because he was drunk. In the end, he went to the court. It is the bad side of my role model.

All in all, he is a very great basketball player. I am a basketball player too. I know I cannot equal his big achievements but I will play basketball wholeheartedly.
