

Acrostics about Valentine's Day

Valentine

by Melody Law

Vacation that couples are together
A day that couples celebrate with each other
Let's relax by going to the movies
Even you have many jobs to do
Never be alone on this day
Think what present you should buy to your sweetie
Ice-cream will be melt by passion
Not divided again
Each and all can find their own sweetie at last

Valentine

by Wendy

Very grateful to people who created this day
Accustomed to busy working
Laugh and
Enjoy today with your friends and family
Not only couples' patent
Today just celebrate love with people
It is what we need to do
New breezes softly walk through people
End today with happiness and love

Valentine

by Tsang Hau Ying

Vision of you continues to draw near me
A photo took when we were together, you
Left me cruelly
Ended our love
Night is very long
Think of you all the time
I cry, when
No one knows
Easy to fall in love again, but difficult to forget you

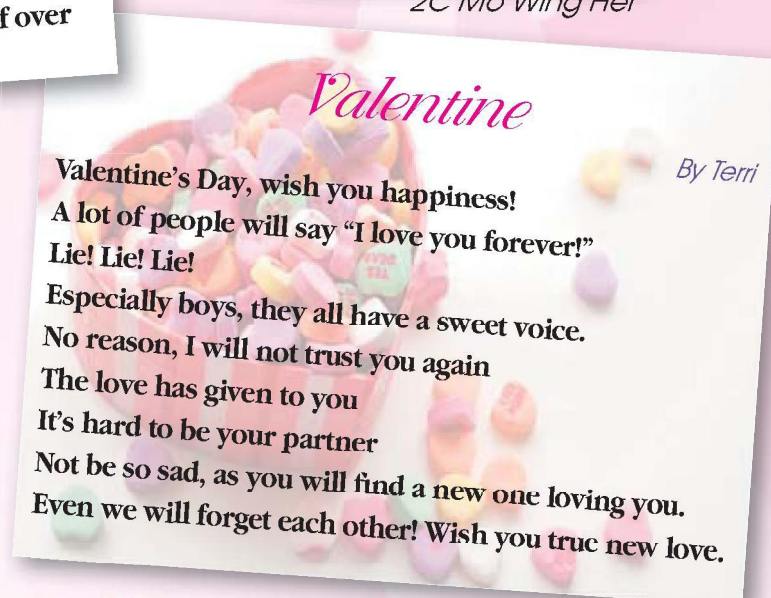

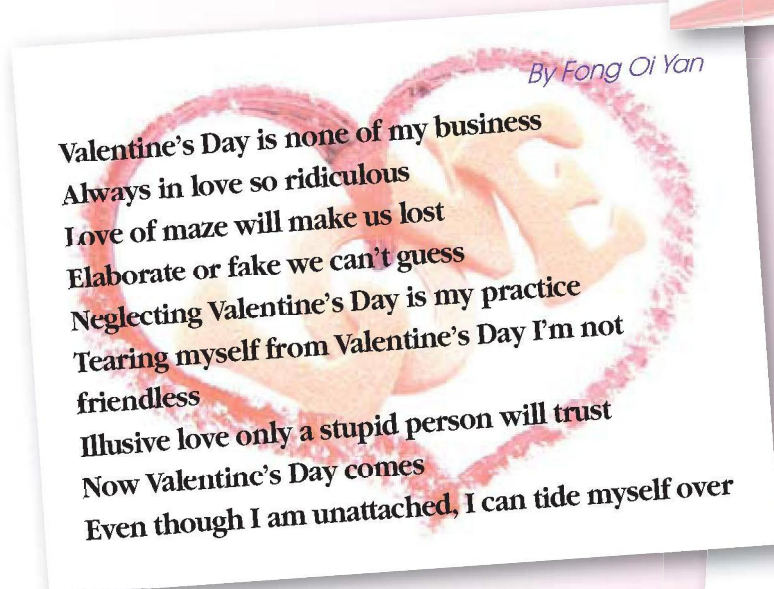

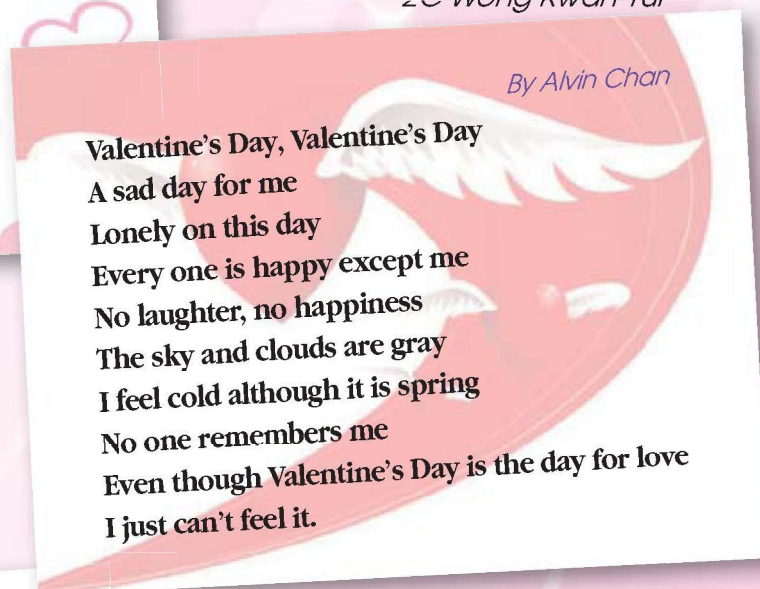

Valentine's Day

By Emily

Voice of the song about love
All of us hope to fall in love
Lost in the street out of control
Everyone finds love everywhere
None of us can be there
Today, tonight, or tomorrow
In the sky or in the sea
Nobody knows though in the end
Even you open your heart to me

Some bird is born on the tree

I go to the war
I miss my wife and sons
I will die in the war
I have to say goodbye
That's the end of my story
