

5D Lam Siu Fung, Peter

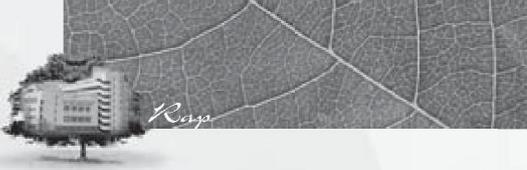

5D is leaving now.....We are all sad!  
Let's remember the good times we've had.

Our class is not a very big crowd,  
CK got a powerful sound, trying to make us proud.  
Pan said, 'I can't skim through your profile!', so let's ask Jeff to help you out.  
Ken is not fat right now, CWT farts not so loud.  
You know what I'm talkin' about?  
Peter Lee is not that down, Michelle taught him how to rhyme.  
Toby and Winky are good friends. They are always fine.  
In an exam, we did not run out of time.

Crab is not crap. He just likes to take a nap.  
Polly danced with a cap,  
Sunday back to school step by step.  
Oh! Tim always slept,  
Gigi was talkin' back to back.

Whenever Jack was scared,  
Charlie said, 'it's never too late to prepare.'  
And Nicholas said, 'it doesn't really matter.  
Cause many things you fear have been in place for years.'  
Ben is a huge "King Kong",  
Isabella is not a 'Donkey Kong',  
Plus SFCC is in Hong Kong,  
So Jackie doesn't want to do things wrong.

Matter o' fact, Alex loves NBA, Roy's tryin' to be an MVP.  
Daisy is good at VA, Anson is headin' to UCLA.  
I can watch the Triple-A, bases are for me to steal.  
Our exchange student is Leo.  
Vincent is tryin' to be a guitar hero,  
Tracy is not gonna drink that Coke Zero,  
Cause Chiuson knows how to sing a Christmas Carol.

And I don't even have an ego, gonna let it go.  
Gary's sayin' Wow, Winnie is not that cold,  
Plus Micky's gonna freak us out,  
So Virginia decides not to say foul.

Sh...Kerrie and Tiffany are quiet in class.  
In their eyes, Frank is wearin' ugly glasses, tryin' to prove he's not the last.  
Teachers come, Irene is going to ask,  
Nasha's havin' another crush.

Phoebe is our class monitress,  
Bio for Danny won't cause no stress.  
And Wing will show you how to scream,  
Smile is living in her adolescent dreams.  
Wendy got a brand new toy,  
What else could we do to make a noise?  
We searched on everything, needs girls and boys.  
Cman is the leader of the High School Musical,  
I think how we met is not a miracle.  
HKCEE is not that critical,  
We should think it's possible.

This is our class as you can see.  
Now I'm gonna talk about the teachers of 5D.

Mr. Hui is our Big Poppa, teaches us Chem 101.  
Mg reacts with soapy will form some scum.  
Don't even try this at home!  
When Mr. Choi said 'you should draw it on your own.'  
Some other guys broke the rules of phones,  
Rang a loud ringtone, Mr. Pun just put it in a 'Special Zone'.

We are not dumb,  
Miss Chan & Mr. Yiu are gonna make us jump!  
And Mr. Ching decides not to come, cause Physics is not that tough.  
The other Miss Chan makes bones crush, gotta make us trust.  
Oops! English class always late at lunch,  
Miss Yung never gave us up.  
Keepin' our mouths shut is not a must,

But listenin' to you is a kind of love.  
This school is just awesome!

A.Maths plus Maths equals Mr. To,  
Just gives us some classic examples,  
Though Miss Ng is not gonna let us go, to try to let us know.  
And we got to like it also,  
Cause we know we're learnin' with a pro.

Mr. Lam & Miss Tai told us not to click "approve",  
Cause they said if u do, it's a very bad move.  
The two Mr. G's help me a lot,  
So that I won't have any question marks!  
Principal Ng got to be at work by eight,  
This shows us he ain't tryin' to wait.  
So reach the gate, he'll say hi in the next school day.

And these are my teachers; they won't give up till it's done,  
Cause they would not gonna quit till we won.  
And if we fall, stumble down, they'll pick us up off the ground.  
If we lose faith in school, they'll give us strength to pull through.  
That's why, we love, we miss, we need you all.  
Hope this is not a curtain call!  
Peter L.
